Brief Description of Arguments to be Presented:

The applicant submits that a flash such as Amerson's is not geometrically correlated to the environment that it is illuminating. The Amerson patent does not anticipate the area illumination function of the present application.

An interview was conducted on the above-identified application on _____.

NOTE: This form should be completed by applicant and submitted to the examiner in advance of the interview (see MPEP § 713.01).

This application will not be delayed from issue because of applicant's failure to submit a written record of this interview. Therefore, applicant is advised to file a statement of the substance of this interview (37 CFR 1.133(b)) as soon as possible.
